OUTPUT:

Assignment 3 - CAD -- B3-3MSE – inventory management system for retailers

Solution:

A screenshot of a presentation slide titled "The images are from IBM object storage". The slide displays five images arranged in a grid. The top row contains three images: a circular diagram with icons for various services, an illustration of three people in a meeting, and a chatbot interface titled "Watson Assistant". The bottom row contains two images: a diagram titled "Hospital Management System" and another diagram titled "Inventory Management System". The chatbot interface shows a conversation where the user asks "What symptoms are you having?" and the assistant responds with a list of hospitals. The presentation is viewed in a browser window with a Windows taskbar at the bottom.
